

CASEN Outreach

Collaborative Advancement for Social-Emotional Needs

"I want to prevent kids from struggling on social media and have a safe social space." - Chris Clark Jr.

Purpose

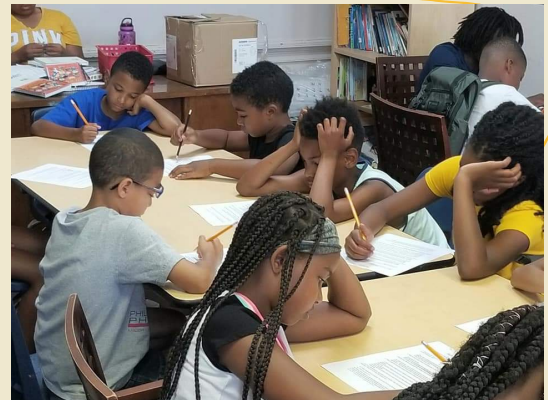

Every child deserves the right to a safe environment on social media to communicate with their peers and they need the tools to communicate appropriately. CASEN Outreach teaches the benefits and dangers of social media, anti-bullying and how to help children navigate social media appropriately.

Who We Serve

CASEN Outreach strives to help the community by serving different groups including but not limited to: schools, families, camps, churches, and mental health professionals.

Important Topics Covered

CASEN Outreach covers a diverse range of online behavior and safety practices. This includes the dangers of social media, child predators, sexting laws, anti-bullying and cyberbullying. CASEN also teaches about digital citizenship, digital footprints, and social media privacy settings.
