

CASEN CONNECT

COLLABORATIVE ADVANCEMENT FOR SOCIAL-EMOTIONAL NEEDS

Purpose

Every child deserves the right to learn how to communicate with peers in a safe environment on social media and they should be given the tools to communicate appropriately. CASEN Connect is your child's provider for comprehensive social wellness training to assure safe participation on different social media platforms.

Precursor for Social Media

CASEN Connect is designed as a precursor to other social media sites that teaches children how to identify, prevent and report bullying. CASEN also teaches the do's and don'ts of social media, digital footprint, and mental wellness education.

Safe Space

CASEN Connect is an invitation only website/application (app) that is monitored and approved by a facilitator. This allows children to communicate in a safe space.

Question of the Day

There are five levels for the question of the day designed to help children structure meaningful sentences for appropriate dialogue with the teacher and peers on social media, while learning about bullying identification.
