Purpose

Every child deserves the right to a safe environment on social media to communicate with their peers and they need the tools to communicate appropriately. CASEN Outreach teaches bullying identification, the benefits and dangers of social media, and how to help children navigate social media appropriately, among other things.

Who We Serve

CASEN Outreach strives to help the community by serving different groups, including but not limited to: schools, families, camps, churches, and mental health professionals.

Important Topics Covered

CASEN Outreach covers a diverse range of online behavior and safety practices. This includes the dangers of social media, child predators, sexting laws, anti-bullying and cyberbullying. CASEN also teaches about digital citizenship, digital footprints, and social media privacy settings.
